Objective

Enthusiastic and self-driven engineering student with working knowledge of Java, Full-Stack Development, Flutter and a foundational understanding of Cloud Computing and Machine Learning. Looking to start my career as a Software Developer and contribute to meaningful and impactful projects.

Education

B.Tech in Information Science, NMIT, VTU
Bangalore, Karnataka

Aug 2022 – June 2026
GPA: 8.76/10

Pre-University (PCMB), Vidyanidhi PU College
Tumkur, Karnataka

Aug 2020 – May 2022
Percentage: 97%

Class X (SSLC), Rotary English High School
Chikkanayakanahalli, Karnataka

July 2020
Percentage: 96.32%

Projects

Software Development Projects (Self-Initiated)
Bangalore, Karnataka, India

Jan 2024 – Present

- Developed full-stack web apps using the MERN stack and responsive UIs with React.
- Key projects:
 - **Spotify Clone** – Music streaming interface with playlists.
 - **Embracelet** – E-commerce site for bracelet shopping.
 - **Real-Time Chatbot** – Messaging app using Socket.io.
- **Scientific Calculator** – A cross-platform application using Flutter and Dart.
- **VetCare** – Java-based animal medicine recommendation app with Spring Boot and MySQL.
- Used Git/GitHub for version control and team collaboration.

Ongoing Project

Securing Containerized Environments Through Adaptive Container Migration for Attack Mitigation

Jan 2025 – Present

- Final year project under the domain of **Cybersecurity and Cloud Computing**, using Docker and Kubernetes to detect threats and adaptively migrate containers for real-time attack mitigation and high availability.

Certifications & Training

- **AWS Academy Cloud Foundations**-AWS Academy *12 2024*
- **Strategy Formulation and Data Visualization** – IIT Madras *07 2023 – 08 2023*
- **Artificial Intelligence with Real-Time Application Projects** – Aqmenz Automation Pvt. Ltd. *03 2023 - 04 2023*
- **Generative AI and Responsible AI** – Google Cloud Skills Boost *07 2024*

Additional Information

- Core member of NSS; participated in community service activities like rural cleaning drives, hospital support, and school programs.
- Helped organize a blood donation camp at college.

Interests

- Learning about cybersecurity and cloud container systems.
- Public speaking and contributing to tech discussions.
- Strong interpersonal and leadership skills; enjoy initiating and leading group activities and collaborative projects.
